CANDLEWOOD PARK
January 2023

Happy New Year! Ready or not, here comes 2023!

Hopefully your house is winding down and recovering from a wonderful holiday season. With 2022 in the rear-view mirror, here's hoping 2023 gets off to a great start. 2023? That just sounds weird!

Happy Birthday

To all residents who are celebrating
a Birthday.....

We hope you have
A great one!

Christmas Trees After The Holidays If you have a live Christmas tree that needs to be disposed of after the holidays- we ask that you do not dump it anywhere in the park. Trees can be taken to the city landfill or check with local clubs that provide a place to drop/recycle Christmas trees as well!

Holiday Park Dumpster Manners During the holidays the amount of boxes and packaging going into the park dumpsters increases exponentially. Please be a good neighbor and break down/flatten any boxes before putting them into the dumpster (or better-yet take them to the recycling center) and kindly do not over-fill dumpsters. Remember to bag all trash so that the wind doesn't blow it away as the dumpsters are being emptied. If you see that the wind has blown open the lids, please close them. These small measures go a long way toward not inconveniencing neighbors and keeping our community, and the adjoining area clean!

COMMUNITY NEWS CANDLEWOOD PARK January 2023

COOKIE EXCHANGE CRAZY SWEATER WINNERS Phyllis Halstead & Stuart Douglas.
A BIG THANK YOU TO ALL THAT CAME!!

MANAGER'S CORNER:

Reminder if your mobile home insurance has expired and just renewed, please bring the office a copy of your renew letter. I will be sending out letters to those that have expired or have not given me a copied of the mobile insurance. This is a requirement of the park.

Reminder about Parking: You are allowed 2 vehicles per home site. If you have more than 2 vehicles, you must remove one for the park or rent and extra space by RV parking. The **NO PARKING ON STREET OVER NIGHT** is being enforced. Vehicles will be towed at the owner's expense.

We will be resuming the replacing the water meters on all the homes in the community within the next couple months. Some have already been changed. We will notify in advance when your street is being done. Unfortunately, they are not electronically read, so reading will still be door to door.

The recycle company will not pick up boxes that are not broken down and placed inside the recycle containers. So, please brake boxes down and not sit them on top of recycle containers.

The free table has been doing really good for the most part, some are still placing items that are not in good shape or clean.

COMMUNITY NEWS CANDLEWOOD PARK January 2023

Be prepared for power outages.

The cold weather brings along snow and ice storms which could cause power outages. Prepare yourselves by stocking up on batteries, canned goods, bottled water, a hand-crank can opener, (Don't forget this. It's nearly impossible to open a can without one.) flashlights, battery operated lanterns, extra blankets, etc. You should have a battery operated radio handy, to listen to emergency broadcasting, weather updates, etc. If you know a storm is coming, fill your bathtub or five gallon buckets, with water. You can use this water to flush your toilet by dipping a pail into the water and pouring it directly into the toilet bowl.

What to do when the power goes out:

1. Keep refrigerator and/or freezer closed as much as possible.
2. Unplug all sensitive electronic equipment including TVs, stereo, VCR, microwave oven, computer, cordless telephone, and answering machine, in the event of a power surge when the power comes back on.
3. Dress in layers of loose fitting, lightweight, warm clothing.
4. If your medications require refrigeration check with your pharmacist for advice on storing medications during extended power outages.
5. If you notice any downed power lines stay away from them and contact CMP immediately. Keep kids and pets away from them too.
6. Watch for signs of hypothermia: uncontrollable shivering, memory loss, disorientation, incoherence, slurred speech, drowsiness and apparent exhaustion. If symptoms are detected, get the victim to a warm location, remove any wet clothing, warm the center of the body first and give warm, non-alcoholic beverages if the victim is conscious. Get medical help as soon as possible.
